HPSG
handbook,
so there
should
be
answers.

? HPSG does not make use
of grammatical functions.

Wargiri?

Why is it
semantically
problematic?
HPSS - interested readers
may want to know,

allow

There are

two daughters
one

Containing
what

and the
other a

SVP consisting
of V and
a trace.

So what does not
dominate happened.

I am not sure whether subjects
are extracted at all in
subj-wh sentences.

You or we
or somebody
should
find out
before publication.

What is the
problem?

Could you mention
it in the caption?
